Honorable Guy Hunt
Governor of Alabama
State House
Montgomery, Alabama 36130

Dear Governor Hunt:

On behalf of the Department of Insurance, it is my privilege to present to you our Annual Report for 1986.

As required by §27-2-9, Code of Alabama 1975, pertinent data on all insurance companies authorized to transact business under the regulatory authority of the Alabama Department of Insurance is duly documented.

The statistical data used in the financial section of this report comes directly from Annual Statements filed by the various companies, without audit or verification.

The "Summary of Operations" section outlines some of the important activities performed by this Department in 1986.

One of our principle objectives is to expand our consumer affairs activity. We want to provide outreach services to all consumers, not only by meeting with concerned citizens throughout the state but also by publishing regular bulletins for consumers on insurance matters. We are eager to initiate these programs and have requested additional staffing and funding to do so.

Respectfully submitted,

John S. Greeno

John S. Greeno, CPCU
Commissioner

JSG:dkh

Summary of Operations

The insurance business in Alabama increased substantially in Alabama during 1986 with Alabamian´s paying $5,069,026,870 in premiums for all types of insurance, an increase of 16.6%. The 1986 growth rate may be compared to 12.9% in 1985, 13.2% in 1984, 6.3% in 1983, 10.3% in 1982, 4.1% in 1981, 7.6% in 1980 and 9.0% in 1979.

Premiums collected by property and casualty companies increased by 19.5% to $2,253,928,000 from the previous year, and the direct premium and annuity consideration for all life companies increased by 16.4% to $1,251,259,000. Accident and health premiums totaled $1,550,434,953, an increase of 12.5%. Title insurance premiums totaled $13,404,917.

In 1986, the insurance industry paid to the Department $107,200,108 in premium taxes and fees. Of this amount, 83.5 million was deposited to the General Fund, and 23.5 million to the Special Education Trust Fund.

Statistical data covering insurance premiums and losses are for calendar year 1986 and are compiled from data furnished by the Central Office of the National Association of Insurance Commissioners. Information regarding premium taxes and fees collected by the Department and Departmental disbursements is for the calendar year October 1, 1985 - September 30, 1986.

The Insurance Department consists of six operational divisions: Agents´ Licensing and testing, Life and Disability, Property and Casualty, Receivership, Legal and Financial Examination. Also a part of the Insurance Department is the State Fire Marshal´s office. The Commissioner of Insurance is an ex-officio member of both the Alabama Securities Commission and the Alabama Arson Prevention Tax Force.

Alabama´s insurance laws require that all contracts of insurance, other than uncontrolled marine and aviation policies, be approved by the Department prior to their use in this state. A consulting actuarial firm is employed to review all life, accident and health policy forms. Any variance from required provisions of the Code or Departmental Regulations must be corrected prior to their acceptance.

There is no price regulation over life, accident and health insurance, except for certain Blue Cross - Blue Shield policies and Medicare supplement policies. Most property and liability rates are subject to the Department´s approval. Services of consulting actuaries are obtained, when needed, to assist the staff in the evaluation of those rate filings requiring regulatory approval.

Re: Annual Report
State Fire Marshal's Office
For the Year of 1986

Dear Mr. Greeno:

In accordance with Section 36-29-26, Code of Alabama, 1975, the annual report of the State Fire Marshal is respectively submitted for your information and approval.

In 1986, there were 138 fire fatalities in the state. This is a decrease of two (2) fire fatalities under 1985. There were sixty-eight (68) fire fatalities where the cause of the fire was undetermined.

This office investigated sixty-six (66) fatal fires which resulted in eighty-eight (88) fire fatalities. Four (4) cases of arson/murder were determined and two (2) cases of arson/suicide. Your attention is directed to the fact that we are working approximately 64% of all fires occurring in the state. As a result of these investigations, we are determining from two (2) to four (4) arson/murder cases each year. There is a strong possibility other arson/murder cases are occurring and are undetected due to improper investigations or no investigations occurring in fire fatality cases. We have experienced difficulties in some instances with untrained coroners making decisions concerning the death of a fire victim with no real evidence or technical information available. There is a critical need for legislation requiring the taking of blood samples from all fire fatality victims and a determination to be made by the coroner, medical examiner or the State Department of Forensic Science, as to whether or not a postmortem examination is necessary to properly identify the victim and determine the cause of death.

During the year of 1986, personnel of this division conducted 741 fire investigations. Action was initiated against 119 defendants for arson and/or other offenses. One hundred and forty-one (141) defendants were brought to trial or other action was taken against them regarding arson and other offenses for cases pending at the beginning of 1986. Disposition of those cases are set out in the statistical section of this report.

There were 389 general inspections conducted. In addition, there were 86 service stations and bulk storage facilities inspected. Eighteen (18) county jails were inspected and twenty-one (21) city jails were inspected. One (1) city jail was closed for failure to meet minimum requirements of state fire codes and regulations.

Plan reviews were conducted on three (3) sets of plans for jail facilities. Two (2) plans were approved and recommendations were made on one (1) set of plans.

Plans were reviewed on three (3) correctional facilities and juvenile facilities. Two (2) sets of plans were approved and recommendations were made on one (1) set.

In addition, we received forty (40) sets of plans for day care centers, restaurants, shopping centers, etc. Those plans were reviewed and twenty-nine (29) were approved. Recommendations were issued on fifteen (15) sets of plans.

There were 1,310 inspections conducted of fireworks sales locations. Permits were issued for 1,216 retail locations, and 110 public display permits were issued. Permits were also issued for one (1) manufacturer, seventeen (17) distributors and twenty-seven (27) wholesalers. A total of $50,760.00 was collected for these permits.

One hundred and six (106) sprinkler contractor permits were issued in 1986, for a total of $10,600.00.

It is recommended that legislation be sought to require plans and specifications for those buildings and facilities such as day care centers, restaurants, lounges, shopping centers and other facilities which are required to meet State Fire Codes and Regulations, be submitted to the State Fire Marshal's Office for review. Further that a fee schedule be authorized for the review of those plans and specifications by this office.

The Fire Marshal Division is under staffed and each deputy has an extremely heavy workload. It is my recommendation that as soon as possible, two additional deputy state fire marshals be employed, so that a portion of the larger populated areas of the state and areas of extremely heavy workload can be adequately covered.

It is further recommended that one additional secretary be employed for the purpose of transcribing investigative reports.

Investigative reports are currently being dictated in the field by deputy state fire marshals and are sent to this office to be transcribed. This produces more professional looking report when copies of these reports are forwarded to district attorneys, insurance companies, attorneys and other interested parties. The transcribing of these reports are being done by Mrs. Katrina Salzburn and Ms. Karen Wilkins. The secretarial staff has had to assume additional responsibilities in order to meet the workload placed upon them. Mrs. Salzburn is my personal secretary and she handles the issuing of sprinkler contractor permits and assists with fireworks permits. Ms. Wilkins is our receptionist and she handles the bulk of the fireworks permits.

I am looking forward to necessary improvements which will help this division respond more professionally to our duties and responsibilities.

Sincerely,

Roy L. Thornell

Roy L. Thornell
State Fire Marshal
